- A copy of the "Sequence Listing" in computer readable form has not been submitted as required by 37 CFR 1.821(e). If the effective filing date is on or after September 8, 2000, see the final rulemaking notice published in the Federal Register at 65 FR 54604 (September 8, 2000) and 1238 OG 145 (September 19, 2000). Application Number 10/626,585

To: The Office of Initial Patent Examination

Subject: Response to notice dated 08/09/2005

According to your notice dated 08/09/2005, a copy of the "Sequence Listing" in computer readable form has not been submitted. I would like to clarify that I sent 2 copies of CD Rom with Amendment attached by Fed Ex. It was delivered on July 18, 2005 at 09.37, its Air Waybill Number is 844259024808.

I called your office last night. I was confirmed that my mail was delivered and the Sequence Listing is there. However my Sequence Listing only contain one page of information, which you may not notice or expect it.

I would like to inform you that the Sequence Listing is only one page file. The sequence itself is only one line long.

Please let me know the document I had sent is suitable, otherwise let me know how to be adjusted.

Thank you for all you cooperation.

Sincerely
